For decades those who are familiar with the industry have seen the boom and bust cycles. Where are we now? Boom or bust?? Like everything else in life and business, it depends upon your perspective.

In the early days of the Utica Shale play, Canton and Stark County Ohio played a major role surrounding all the activity. Downtown was bustling with people from Texas, Colorado, Louisiana, just to name of few of the states where the “migratory” oil & gas workers came from. Canton declared itself the “Utica Capital” due to proximity to the play and major corporations locating to and investing in Canton and Stark County. As the drilling slowed down, we began to see the pick-up trucks heading towards southeastern Ohio counties and the Ohio River. In the background, skilled labor was connecting the wells with gathering lines and laying pipe to transport oil & gas south to the Gulf Coast, North to Sarnia, Ontario and east to be loaded onto ships and sold to foreign countries.

How does Stark County benefit? Will Stark County and eastern Ohio be “producer/exporters” or “producer/consumers” of the Utica shale play? (Feel free to e-mail me your thoughts and perspective.)

As the opportunities in our area change, we need be talking about petrochemicals and plastics.

In the coming months we will focus on how Stark County can benefit from the downstream activity. Will the Shell Polymer Complex in Monaca, PA benefit our area? Could other potential petrochemical facilities along the Ohio River benefit Stark County? Do we have the appropriate infrastructure? Can we repurpose existing facilities and find appropriate land for new facilities?

In April 2018, the Utica Midstream event was held at Walsh University. Presentations from this event can be found at www.uticasummit.com. The next Utica Summit will be October 10, 2018 at Walsh University. The focus will be on the downstream buildout. (Hint: This is where the REAL opportunity will be for Ohio, West Virginia and Pennsylvania and Stark County!) A great lineup of speakers has begun to be announced. Register to the Utica Summit website before it is sold out.

I would be remiss by not mentioning the Canton Regional Chamber of Commerce’s David Kaminski (now happily retired!) for his hard work to put Canton top of mind regarding Utica Shale. We can be thankful to the Canton Regional Chamber of Commerce and ShaleDirectories.com for beginning the Utica Capital Series and growing it to what it is today.

Do you know a young professional who is ready to take their career and community involvement to the next level?

The Spotlight for Young Professionals course is now taking applications from young professionals in their 20s to mid-30s, who want to cultivate understanding of leadership competencies and go deeper in their community involvement. It is a great option for employers to foster leadership potential and expose young professionals to leadership competencies.

Young professionals enrolled will discover their strengths and learn to use them for personal and professional development. 55 YEARS OF HONORING THE LEGENDS
of Professional Football and Celebrating Excellence

Summer is Canton’s time to shine in
the national spotlight, and this year is
no exception! The 2018 Pro Football
Hall of Fame Enshrinement Festival,
including Enshrinement Week Powered
by Johnson Controls, will take place in
Canton, Ohio this July and August for the
55th consecutive year as our community
welcomes the newest Class of Enshrinees,
many returning Gold Jacket Hall of Famers,
and football fans from across the country.

While nearly 29,000 men have played in
at least one National Football League game,
there are only 310 members of the Pro

Beathard, Robert Brazile, Brian Dawkins,
Jerry Kramer, Ray Lewis, Randy Moss,
Terrell Owens, and Brian Urlacher.

The Pro Football Hall of Fame first
opened its doors on September 7, 1963,
and has since earned a reputation as the
“most inspiring place on earth” -- recently welcoming its ten millionth
visitor. Currently, progress is being made
every day at Johnson Controls Hall of
Fame Village, an $899 million mixed-use
development of the Pro Football Hall of
Fame’s campus. Fans can already enjoy
the newly completed, state-of-the-art
Tom Benson Hall of Fame Stadium, which

Enshrinement Festival events on NFL

DON’T FORGET ABOUT DORA!

Summer is the prime time to come downtown, enjoy our very walkable restaurant and arts areas, and take advantage of Canton’s Downtown Outdoor Refreshment Area, better known as “DORA”!

The DORA permits people to legally walk outside within specified boundaries with open containers of beer, wine and liquor. Only patrons using the DORA “official cup” will be permitted outside with an open container, and the cups must be obtained from one of the eligible businesses below.

REFRESHMENT AREA FACTS
Days of Operation: Seven days a week
Hours of Operation: 12pm to 12am, daily
Boundaries: 68.7 acres of land, with borders marked (generally) by 6th Street N. (north edge), McKinley Ave. (west edge), 4th Street S. (south edge) and Walnut Ave. (east edge). Patrons may walk freely within the DORA boundaries. Signage will point out the entrances and exits of the DORA.
Official Cup: A specifically designated and marked 16 oz. plastic cup is the only cup permitted in the refreshment area. (See attached image.)

For more information on the DORA, contact the Downtown Canton Special Improvement District at 330.456.7253 or the City of Canton at 330.489.3283.
NEW PRIME DOWNTOWN PARKING

Now Available

Prime downtown parking is always at a premium, so we are pleased to share that the Renkert Building Parking Lot, located at southeast corner of 4th Street NW and Market Ave. N (directly across from Market Square) is available for daily and monthly parking. Managed by ABM Parking Services, this is an ideal, convenient parking location for downtown employees, clients or visitors. Monthly parking is available for $35/month with no contract required. Contact 330.455.7275 to sign up.

Daily parking is available for a flat rate of $2.00 and is good for all-day parking. A pay parking slot box will be located on the 4th Street side next to the parking booth. Simply park your car in one of the spots marked 1-100, then deposit your parking fee in the corresponding numbered slot in the pay box. Your parking payment must be made in advance and the pay box does not give change. For any other parking questions or special requests, call Ken Coy at 330.455.7275.

The Downtown Canton Land Bank has generously allowed the Canton Palace Theatre to use the Renkert Building Parking Lot after 5:00pm daily, for special event parking at the Palace.
We hope you’ve purchased your tickets for the Pro Football Hall of Fame Enshrinement Festival Fashion Show Luncheon (Friday, August 3); Enshrinees’ Gold Jacket Dinner (Friday, August 3); and/or Enshrinees’ Roundtable (Sunday, August 5). The Pro Football Hall of Fame Enshrinement Festival is pleased to announce emcees for the Fashion Show Luncheon and The Canton Repository Grand Parade.

**Stefani Schaefer**, co-anchor of Fox 8 News in the Morning, will emcee this year’s Fashion Show Luncheon on Friday, August 3, and it promises to be a high energy production. An Alliance native, she is a graduate of St. Thomas Aquinas High School and University of Mount Union where she was an All-American Scholar and a National Collegiate Academic Honoree. While in high school, she was a featured vocalist for the Enshrinement ceremonies and she has sung the National Anthem for the Game, so she truly has a soft spot in her heart for the Pro Football Hall of Fame.

She first started at WJW Fox 8 in Cleveland in 1992, then took a hiatus to pursue other opportunities including hosting a national network show broadcast out of Universal Studios in Orlando, Florida. In 2007, she returned to WJW Fox 8, and in 2008, she was inducted into the Broadcasters Hall of Fame. In 2012, she was named Cleveland’s Favorite News Anchor and Favorite News Team.

Football and fashion might seem like an unlikely mix, but it’s a perfect fit for the nearly 3,200 guests who enjoy the event that includes state-of-the-art sound, lighting, and video to showcase male and female models featuring the season’s hottest fashions, including bridal.

The fashions will be enhanced by the excitement of several performances including regional favorites, the American Commodore Dancers and country artist Chris Higbee. Great tickets are still available by calling the Chamber at (330) 458-2048.

Early the next morning on Saturday, August 4, Schaefer will join **Todd Porter** as co-commentators for The Canton Repository Grand Parade. Porter was born and raised in Stark County and has extensively covered Stark County’s affinity for high school football. He has been on staff at The Canton Repository since 1991, during which time he has been named Associated Press Ohio Sports Writer of the Year multiple times. He was a triple-crown winner in the 2013 Ohio Associated Press Media Editors contest, taking first place honors in column writing, enterprise, and breaking news. He is currently Special Projects Editor, overseeing the newspaper special event and section coverage, particularly as it relates to Hall of Fame Village.

**Joe Dunn** will be joining the team for the sixth consecutive year as man-on-the-street for interviews with the Class of 2018 and many returning Gold Jacket/Hall of Famers. After a stint with the then-Canton/Stark County Convention & Visitors’ Bureau, he became Director of Sports Marketing at the University of Akron and is currently Vice President of Sales at Big Time Sports, a regional company producing sports talk shows and featuring high school sports coverage.

Parade units step off at Sixth St. and Cleveland Ave. SW and move north to 25th St. NW, where they will begin to disband. For Enshrinement Festival and football fans wanting to enjoy the parade, great reserved chair and bleacher seats are still available for only $10 by calling the Chamber at (330) 458-2048 or by stopping in at 222 Market Ave. N from 8:30 a.m. to 5:00 p.m. weekdays. Spectators will be required to show their tickets before being permitted to sit in reserved areas, and this will be strictly enforced.

The Karcher Group, a digital marketing agency, has announced the hiring of Joe Oberster as videographer and Sara DeJaneiro as front-end developer. The addition of Oberster will allow the agency to produce more videos in-house to meet its growing demand. The agency’s video projects are easily scaled to fit client needs — from simple, single-camera shoots, which are ideal for social media, to multi-camera commercial productions. Oberster graduated from Bowling Green State University with a bachelor’s degree in visual communication technology. His skill set includes photography, advertising, marketing, videography, live audio production and filmmaking. Prior to joining TKG, Oberster worked as a videographer at a media production company serving Northeast Ohio clients. In her role as front-end developer at TKG, DeJaneiro will be responsible for coding and implementing web designs for the agency’s marketing clients. She graduated from the University of Mount Union with a bachelor’s degree in media computing, a comprehensive major that includes programming, design, art, sound editing and animation. She earned two additional programming certifications from Stark State College: C#.NET Programming and Advanced Webmaster.

The Mercy Service League recently held its second annual Wine, Women & Shoes event at the Alex D. Krassas Event Center in Canton, raising $315,000 to benefit Women’s Cancer Services at Mercy Medical Center. More than 350 guests attended, enjoying shopping, lunch, live and silent auctions, a fashion show, and more. Thirty area men, including many whose lives have been affected in some way by cancer, volunteered to be Sole Men. In charge of greeting and attending to guests at Wine, Women & Shoes, they also raised a combined $53,000 in advance of the occasion. Sole Man Michael Lykins, DO, orthopedic surgeon at Spectrum Orthopaedics & Ohio Specialty Surgery Suites, was named the 2018 King of Sole, raising $6,265.

415 Group, a leading certified public accounting, business consulting and IT services firm in Northern Ohio was selected as one of The Plain Dealer’s Top Workplaces for 2018. This award, according to The Plain Dealer, “seeks to recognize area employers who create an environment and culture where workers feel respected and rewarded and where those same workers feel as if they can enrich their skills while contributing to a mission they believe in.” Nominations for this award are made entirely by employees. Frank Monaco, Managing Partner at 415 Group said, “The fact that the Top Workplace award is 100% employee-driven makes the results that much more meaningful.” Partnering with Energage, formerly Workplace Dynamics, the Plain Dealer uses the employee survey results to rank participating employers across three categories—large, mid-size and small.

The Ohio Small Business Development Center (SBDC) at Kent State University is sponsoring an information session for individuals interested in starting a small business or those who are in the early stages of business formation. The information session will be held Tuesday, Aug. 28, 5:30 – 7:30 p.m. at the Stark County District Library, Downtown Branch, 715 Market Ave N, Canton, Ohio 44702. The Small Business Orientation will provide a general overview of issues related to starting a business, such as business planning, determining market demand, financing options and available community resources. After attending the program, participants may contact the SBDC to schedule an appointment with a business counselor for a one-on-one consultation.

The First Tee of Canton, a nonprofit youth development organization that helps young people develop character, healthy habits and learn life skills through golf, has received grant funding from the following foundations to assist with programming and outreach. The Stark Community Foundation has awarded funds through the SummerTime Kids grants initiative to support summer programming at The First Tee of Canton. The funds will support the healthy habits curriculum through the Fore Seasons Garden and by providing healthy snacks for the participants and needed program supplies for the summer classes. The Aultman Foundation will also support The First Tee Nine Healthy Habits curriculum by providing funds to purchase needed equipment and supplies. In collaboration with the national office of The First Tee, Toro has selected The First Tee of Canton to receive funding through its Grow the Game initiative. The funds will support expenses to promote and manage The First Tee of Canton Junior Tour throughout the summer.

The Aultman Campus Transformation Neighborhood Revitalization Committee has collaborated with ArtsinStark to seek a professional visual artist or artist and design team to create and coordinate site-specific creative placemaking designs and public art pieces to welcome visitors and residents into the new Aultman Health Village. The Village aims to incorporate artistic design to create a visually welcoming environment for guests and residents who visit the campus. Artists who wish to submit design concepts are encouraged to attend the project open house at Aultman Hospital on Wednesday, July 18, at 11 a.m. The project open house will allow artists an opportunity to learn about the Aultman Health Village and create a vision for their design at site-specific locations. All artists and designers – as individuals or teams – in the state of Ohio are welcome to participate in the development of the project. Artists can go to http://aultman.org/home/health-and-wellness/community-programs/aultman-campustransformation-neighborhood-revitalization to review the RFQ (Request for Qualifications) and learn more.
