The Stark County and CAK Safety Councils present **Fall Protection Training and Demonstration** in conjunction with OSHA's "National Stand-Down to Prevent Falls" campaign.

Falls continue to be one of the OSHA's top causes of injuries to workers. Any organization whose employees conduct work at heights should attend this important seminar. Any industry, without fall protection training can suffer serious consequences. There are over 100,000 reported incidents per year. Falls from heights, almost always, result in serious injury.
