

The Stark County Safety Council and the Ohio LTAP presents...

WORK ZONE TRAFFIC CONTROL & SAFETY

THURSDAY, APRIL 18

Noon - 3 p.m. (registration at 11:30 a.m.)
Local 33 Sheet Metal Workers Union Hall
1890 Venture Cir SE, Massillon, OH 44646

This FREE seminar will review the basic elements and typical applications of roadway work zones for temporary traffic control. The discussion will address the use of advance warning signs, traffic control devices such as cones/drums/barricades, and flagging procedures. Reference will be made to Part 6 of the current edition of the Ohio Manual of Uniform Traffic Control Devices (OMUTCD). Rural and urban applications for local roadway systems will be emphasized.

Featuring: Raymond Brushart, Program Manager, Ohio LTAP. Mr. Brushart has compiled over 25 years of experience in traffic engineering and transportation planning working for ODOT and the City of Columbus; including 3 years of experience as a Safety Studies Engineer for ODOT, and assisting in the administration of the Highway Safety Program.

WHO SHOULD ATTEND: roadway maintenance workers, supervisors, engineers, and others responsible for work zones on local roadways.

This seminar is FREE but **reservations are required**. register online at www.starkcountysafetycouncil.org, or complete the form and mail to the address below or fax it to (330) 456-0123. REGISTRATION DEADLINE IS MONDAY, APRIL 15, 2019.

The Stark County Safety Council is administered locally by the Canton Regional Chamber of Commerce and the Ohio BWC Division of Safety and Hygiene.
